Master Plan Discussion	<p><b>Tourist homes</b> Jan asked where the fees for the Tourist Homes would go. Meg said that the owner would register through the county and the town. Mildred added that tourist homes need to be tracked, and Meg reminded that the owner needs to be present during the time the guest(s) are there.</p> <p><b>Paving</b> There was a written comment about driveway paving. It was noted that St. Mary's Church mentioned that 20% would be the maximum paved on their property. There was discussion about providing options for permeable paving.</p> <p><b>Stormwater</b> There was a proposal that the Town create a Stormwater Committee.</p> <p><b>Parking</b> A comment about parking leads to the definition of 'vehicle.' It was pointed out that legitimate business parking is permitted. Vehicles with signs measuring more than 2' x 4' need to be parked out of view.</p> <p>Commissioners will request that the Planning Commission prepare the next steps to have the proposals made in the Master Plan, zoning amendments, etc. The legislative process will be checked with help from the Town attorney.</p>
